

**Thanks be to God!  
He gives us the victory through our Lord Jesus Christ.  
1 Corinthians 15:57 (NIV)**

**Moms, you don't have to fight this battle on your own.**

In 2021, you can be a part of God's plan to transform children from despair to hope and to bring salvation & revival to our children and schools.

Our kids are struggling with depression, anxiety and desperation, and some are even turning to suicide. This is our call to action! We must gather with other prayer warriors to cry out for our children. Alone, we are weary and overwhelmed, but together, united in prayer, we are strong!

**Through prayer, children in despair are finding hope in Jesus.  
Read just a few testimonies of transformed lives:**

*A mom who joined our Moms in Prayer group two weeks ago, witnessed her*

daughter go from depression and anxiety to sharing Jesus with those around her.

God answered our prayers by bringing Christian doctors and nurses into the life of a young man struggling with suicidal thoughts.

Two years ago, we prayed for my son to get baptized. He not only took that step, but also embarked on a deeper journey in God's word. I don't know what the future will bring, but I am deeply grateful to Moms in Prayer for showing me a way of prayer that is so meaningful, so real and lifechanging for us as well as for our children.

### Sounding the Alarm in Nigeria

*Moms in Prayer provided the platform for me to “sound the alarm” to other mothers in my country about the need to ‘stand up’ and cry out to our Father God on behalf of our children and their schools, especially in times like this. There has been a harvest of answered prayers, from college admission for my daughter, to miraculous divine provisions, and protection in their schools during this pandemic.— Chioma Obasi, new Nigeria Country Coordinator*
