Hope is rising. It declares freedom, joy, and peace.
We will not be disappointed. **Hope has a name—JESUS.**
Join us in worship that awakens, biblical messages
that empower, and prayer that shapes the next generation.

Sally Burke—Moms in Prayer International President shares God's great desire to awaken the hope within your heart! A hope so strong that it will overcome any fear, discouragement, or disappointment in your life.

Crystal Woodman Miller—international speaker on faith in the midst of suffering, encourages moms in the challenges they face and the hope we have despite what is going on around us. Crystal survived the Columbine High School shootings.

Lee Nienhuis—author and speaker, Lee, has a love for the Word of God that is contagious. Her desire is to see moms praying boldly for their kids and the next generation walking with the Lord.
